Important Warranty Notes:

Current Warranty fee schedules are as listed. Please contact Mule-Hide for pre-approval when applying for any non-published Warranty timeframes.

- ¹ When applying membranes over non-acceptable substrate, the Mule-Hide Nail Base must be mechanically attached to the deck prior to installing the SA Base Sheet or SA Cap Sheet. (Since the Nail Base is perforated, it can not be counted as a water proofing layer)
- ² When applying for 20-year System warranties, a total of 2 plies of SA Base are required prior to installing SA Cap Sheet.
- ³ Smooth Surfaced SA-APP Cap Sheet is only available for 10-year warranties. 12, 15 and 20-year warranties require granulated membranes.
- ⁴ Labor and Material
- ⁵ Premium warranties require use of all Mule-Hide labeled products including insulation; insulation fasteners, plates and Mule-Hide approved manufactured metal components when requested as part of the Warranty.
- ⁶ These warranties are only available to Mule-Hide Warranty Eligible Applicators.
- ⁷ Mule-Hide Premium Warranties are offered only on new construction and total tear-off systems, or for recover (retrofit) systems when an independent company has performed a moisture survey. Accepted survey types are nuclear, infrared and conductive. The moisture survey must be submitted with the Warranty application for recover applications. All wet roofing materials found in the survey must be removed.
- ⁸ Distributor Invoices are required
- ⁹ Tear-off Card – See Distributor for details

Mule-Hide Limited Membrane and NDL System Warranties are only valid when components are installed according to manufacturers' specifications. Always refer to Mule-Hide Application Guidelines for additional information.
